Anglepoint

Answering the call for no IBM audits.

IASP ✓

What if you could get all the IBM with none of the audit headache? **Enter IASP + Anglepoint.**

✓ **Of the four providers, we are the only non-audit firm approved by IBM to offer IASP.**

✓ **Being part of IASP means you're automatically entitled to our rich IBM Managed Services offering continuous support, recommendations and optimization.**

✓ **For the last three years, we have been a Gartner® Magic Quadrant™ leader and specifically acknowledged for our work in strategy and investment in client needs.**

IASP + Anglepoint Managed Service Benefits

- **Audit Exemption:** joining the IASP program means exemption from all traditional license reviews
- **Sub-Capacity licensing:** only pay for the software you use with expert assistance in sub-capacity implementation and management
- **Cost Savings:** receive commercial discounts even for compliance issues and avoid audit fees, back support, and other privacy penalties
- **IBM License Optimization & Insight:** improve risk mitigation, optimize license spend, and predict future budgets with intelligent planning
- **Industry-leading IBM Licensing Knowledge:** access the minds of industry leaders in the IBM licensing space and use our proprietary platform to automate the most tedious parts of license management

Partners in the Public Sector

We're the trusted SAM partner of dozens of Public Sector agencies & organizations.

Cut Unnecessary SAM Tools

Use your preferred or existing technology as your approved IBM sub-capacity tool.
